

MTH PUMPS

High Head, Low Flow Regenerative Turbine Pumps

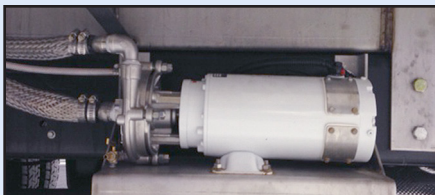

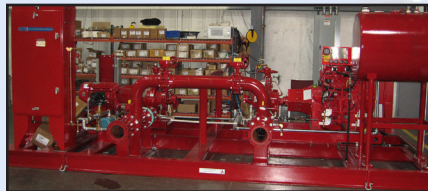

Applications Where MTH Pumps Can Be Used

- Boiler Feed Service
- Booster Service
- Car & Truck Washes
- Chemical Processing
- Chillers
- Circulation
- Condensate Return
- Coolant Systems
- Cooling
- 12Volt DC Wash-down Pumps (Portable Restroom Trucks)

- DI Water Handling
- Dissolved Air Flotation (DAF)
- EDM Machines
- Filter Back Flush
- Fire Systems (Jockey Pumps)
- Fluid Handling
- Fluid Transfer
- Fuel Cells
- Groundwater Remediation
- Heat Exchangers
- High Head, Low Flow
- Hot Water Pumping
- Hydrostatic Testing
- Jockey Service
- Laboratory Equipment
- Laser Cooling
- Low NPSH
- Machine Tool High Pressure Coolant
- Medical Imaging
- Misting
- Mixing
- Pressure Injection
- Refrigeration
- Reverse Osmosis
- Sampling Pumps
- Seal Flushing
- Spraying
- Temperature Control
- Wash Down Service
- Wastewater Service

ISO 9001
Registered Company

Manufacturing MTH Pumps
in the USA for over 50 years,
specializing in high-pressure
pumps.
